I'm not sure I have enough words to describe the impact that Wayne left on our group! Spectacular, amazed, mind blowing, speechless, haven't laughed that much in years, were just several comments that I received from our group about Wayne! I'm not sure how we can possibly top that for the years to come!

Erica Pearl, **SYNLawn**

It was a home run. Wayne hit it out of the park. Incredible! The consensus is he's the best speaker we've ever had! That's saying something with the speakers we've had like The Passing Zone, Jeff Civillico, Vince Poscente, Scott Bloom, Craig Karges, and others to name just a few.

Sanjay Shah, **Vistex**

I was looking to bring in a great closer for our annual convention. Someone interesting, different, noteworthy – but also with a message that could be applied to all facets of their lives. Wayne more than delivered on all fronts.

Halley Lee, **South Dakota Bankers Association**

One of the most notable outcomes was the creation of a shared experience, fostering a sense of unity among attendees. Wayne's presentation brought people together in a way that transcended the usual conference dynamics, fostering camaraderie and genuine connections. The laughter and levity injected into the atmosphere made it a truly memorable and a fantastic conclusion to the conference.

Janet Ricciuti, **Funeral Service Association of Canada**

My delegates and guests said that you were the best presenter we've ever had on our stage! We are going to bring you back for an encore next year as we just couldn't find anything comparable!

Margaret Taylor, **Utility Contractors Association of Ontario**

We could not imagine a better way to kick off our conference than with Wayne Lee. He delivers his powerful message with humour, emotion and grace and the experiential learning that he sets up captivates everyone into the presentation whether you're on stage or not and he is such a professional! The messaging was loud and clear for everyone as they all walked away in alignment and energized with a common goal for the future.

Karen Bossin, **Shoppers Drug Mart**

What an incredible and engaging session! Your insights on the power of the mind and overcoming limiting beliefs were truly inspiring. It was such a FUN and informative experience!

Theresa Tsoukalas, **All Weather At Home**

Wayne brought an aspect of amazement, curiosity, and powerful messaging to the group. He also helped with creating a "New Orleans" vibe. The most common feedback was "what a great message he shared". So while everyone loved the hypnosis, they loved the message behind it even more.

Carrie Cantrell, **United Cerebral Palsy**

Your A.C.E Your Day Keynote was completely in line with creating a mindset for leadership. To top it off, the hypnosis was very entertaining and motivating, creating a positive energy moving into our breakout sessions.

Such great energy and a fun engaging ice breaker following all day content sessions that everyone will talk about for years to come! Loved how he tied the art of possibility and what you can do with your mind messaging into the show.

By popular demand he is the only person that has come back for a three-peat! Participants get an uplifting experience that lasts for years! Everyone has a great time, and the night is relived repeatedly in workplace banter.
